

PARENT/GUARDIAN'S PERMISSION TO APPLY SUNSCREEN TO HIS/HER CHILD

Name of Child: _____
(last, first)

As the parent/guardian of the above child, I recognize that too much exposure to UV rays may increase my child's risk of getting skin cancer someday. Therefore, I give permission for the staff at:

Kids Care Plus Chabot - Primetime - Stanton
(name of child care program)

to apply a sunscreen product that is broad spectrum with SPF 15 or higher to my child, as specified below, when he/she will be playing outside, especially during the months of March through October and between the daily time of 10 a.m. and 4 p.m. I understand that sunscreen may be applied to exposed skin, including but not limited to the face (except eyelids), tops of ears, nose, bare shoulders, arms and legs.

I have *checked* and *initialed* below **all** applicable information regarding the child care program's choice in brand/type and use of sunscreen for my child:

- I do not know of any allergies my child has to sunscreen.
- My child is allergic to some sunscreens. Please use **ONLY** the following brand(s)/type(s) of sunscreen:

- Staff may use the sunscreen of the program's choice following the directions and recommendations printed on the product container. **** Copper Tone and Banana Boat with SPF 35-50 ****
- I have provided the following brand/type of sunscreen for use for my child:

- For medical or other reasons, please do **NOT** apply sunscreen to the following areas of my child's body: _____

Parent/Guardian's Name: _____

Date: _____

Parent/Guardian's Signature: _____

Health Care Provider's Signature (*optional*): _____

**NOTE: DO NOT RELY ON SUNSCREEN ALONE TO
PROTECT CHILDREN FROM SKIN CANCER!**

SUN-SMART POLICY FOR CHILD CARE PROGRAMS

Our Sun-Smart policy has been developed to ensure that all children and staff participating in this program are protected from skin damage caused by the harmful UVB and UVA rays of the sun. This policy will be implemented throughout the year, but with particular emphasis from March through October.

Sun-Smart strategies:

1. Encourage staff and children to wear hats with wide brims that protect their face, neck and ears whenever they are outside.
2. Encourage staff and children to wear sun-protective clothing (i.e., tightly woven, loose-fitting, full length, light-colored and light-weight) when temperatures are reasonable.
3. Encourage staff to wear sunglasses that block 100 percent of UVA and UVB rays (broad spectrum) whenever they are outside.
4. Provide sufficient areas of shelter and/or trees providing shade on the play yard.
5. Encourage children to seek and use available areas of shade for outdoor play activities.
6. Schedule excursions and all outdoor activities *before* 10 a.m. and *after* 4 p.m. (10 a.m. to 3 p.m. during the winter months) whenever possible. The availability of shade will be considered when planning excursions and outdoor activities during these times.
7. Children will be hydrated and encouraged to drink water before and during prolonged physical outdoor activities in warm weather.
8. Staff and parents/guardians will model sun safety behaviors by:
 - Wearing appropriate hats and clothing when outdoors.
 - Using broad spectrum SPF 15 or higher sunscreen for skin protection.
 - Seeking shade whenever possible.
9. Provide broad spectrum SPF 15 or higher (and *paba* and *alcohol* free, if possible) sunscreen for staff and children to use on exposed skin, except eyelids, 30 minutes before exposure to the sun and every two hours while in the sun, unless parent/guardian provides their own sunscreen for their child.
10. Parents/guardians will complete and sign the *Parent/Guardian's Permission to Apply Sunscreen to His/Her Child* (see reverse) and it shall remain on file at the program.
11. Include learning about the skin and ways to protect the skin from the UV rays of the sun into the program's curriculum and daily routines.
12. The *Sun-Smart Policy* will be reinforced in positive ways through parent newsletters, staff memos, bulletin boards and meetings. Signage shall be posted that reminds staff, parents and children to practice sun safety.
13. Staff and parents will be provided with educational materials and resources on sun safety and protection.

When enrolling their child, parents/guardians will be:

1. Informed of the program's *Sun-Smart Policy*.
2. Asked to provide a suitable hat for their child's use when outdoors in the care setting.
3. Required to provide permission for staff to apply sunscreen (and *optional*: health care provider's signature included on consent form).
4. Asked to provide a broad spectrum SPF 15 or higher sunscreen if their child is allergic to the program's offered brand/type.
5. Encouraged to practice *Sun-Smart* behaviors themselves.

RECOMMENDED STANDARD/OPTIONAL: Every child should have on file a standing order from their health care provider for the use of sunscreen (nonprescription medication) in the care setting, in addition to the parental consent to have sunscreen applied¹.
